Hand disinfectant liquid

Ideal for frequent use

MANOFERM is an alcohol-free hand disinfectant designed for frequent use in HealthCare environments. From clinical care and laboratories to dental and specialized HealthCare settings, it supports reliable hand hygiene wherever repeated disinfection is part of everyday professional routines.

ADVANTAGES

Designed with frequent use in mind, MANOFERM combines proven microbiological efficacy with a broad spectrum of activity and a formulation that does not cause skin irritation. Alcohol-, formaldehyde- and phenol-free, with short contact times, it supports repeated hand disinfection throughout demanding HealthCare routines.

- Alcohol-, formaldehyde-, and phenol-free
- Ideal for frequent use
- MEA/SSMA tested
- No skin irritation
- Proven microbiological efficacy with a broad spectrum of activity
- Short contact times of 30 sec. or less
- Non-flammable
- Low VOCs
- Fragrance-free (optional with scent)
- Hygienic handrub efficacy according to EN 1500

DIRECTION FOR USE

Apply sufficient quantity to visibly clean hands, rub in thoroughly and keep fully wet for the prescribed contact time. Avoid contact with food, beverages and animal feed after use. For professional users and the general public. Read the label before use. Report any serious incidents related to the product to the manufacturer and the competent authority.

STORAGE

Store the disinfectant in its intact original packaging, carefully closed after use, in a cool, dry place at a temperature between 15 °C and 30 °C and protected from direct sunlight.

REGISTRATION

- BAG CHZN7892
- BAuA N-121781
- UFI: 0JDF-8VUD-QTKN-2Y43

PRODUCT TYPES

PT1 (Human Hygiene)

ACTIVE INGREDIENTS

Alkyl (C12-18) dimethylbenzyl ammonium chloride (ADBAC (C12-18)) - 1.47%.

WARNING AND PRECAUTIONARY STATEMENTS

Hazard Statements

H319 Causes serious eye irritation.

H411 Toxic to aquatic life with long lasting effects.

Precautionary Statements

P102 Keep out of reach of children.

P273 Avoid release to the environment.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337+P313 If eye irritation persists: Get medical advice/attention.

P501 DISPOSAL: Return contents/partially emptied containers to the point of sale or take them to a special waste collection point. Empty containers, after proper use of the product, may be disposed of with household waste.

Please note that the availability of products may vary in different countries and regions. Contact your local distributor partner for more information. The recommendations regarding our preparation are based on scientific tests and are given in good faith. More detailed recommendations, e.g. regarding material compatibility or microbiological efficacy are possible, only in separate and individual cases. Our recommendations are not binding and do not constitute a guarantee. They do not preclude a company's own testing for the intended purpose and process. In this respect we cannot accept any liability. This is in accordance with our general condition of sale and supply.
